To Whom it May Concern,

Center Stage Theatre is Goldsboro's longest running non-profit community theatre group, and we have come a long way in the last few years. We are very proud to be celebrating our 41<sup>st</sup> season and have many great things in store. The Center Stage group is like a family, and this season, the concept of family is a major part in each of our shows.

The season starts out with *Little Women: The Musical*, the well-known story of Jo March and her family. This rendition will pull at your heart strings. Our Christmas show brings Frank Capra's heartwarming classic to the stage with *It's a Wonderful Life*. Join us as we watch the Bailey family go through different trials and George learns that no man is a failure who has family. In our third show, *The Diary of Anne Frank*, we experience Anne and her family's struggle to live in an attic to hide from the Nazis in World War II Europe. Our season finale is Rodgers and Hammerstein's *Oklahoma!*, love story, rousing musical, and beloved classic. This show follows Curly and Laurey as they bring their families together and learn to love. This is an unforgettable season, and I personally invite you to join our CST family.

The ability to expand our offerings each season can be attributed to the fantastic volunteer members of CST and to people like you. Generous donations from the Wayne County communities have kept CST alive. Every donation helps and goes straight into our productions. In one production, ads were seen by 1100 people this season. This is a great opportunity to bring awareness to your business or organization. All CST actors, directors, crew members and board members are volunteers, and we all do this for a love of theater and a wish to provide quality entertainment to Wayne County and beyond.

Attached to this letter are details on our sponsorship levels and the benefits. Please consider becoming a sponsor of Center Stage Theatre, and help support your local community theatre.

Thank you,

Heath Radford  
2018-2019 CST President
